

Better Intestinal Barriers Without Plate Inserts

Building *in vitro* Intestinal Permeability Models

4
days

€13
per assay

21
days

€26
per assay

VS

4 Reasons for Using the OrganoPlate®:

4X
less cells

5X
faster culture
& assay

2X
lower cost

10X
faster
readout

OrganoPlate® 3-lane

Plate Inserts

- 3D tubule
- membrane-free
- lumen formation
- perfusion / flow
- low reagents and cell usage***
- live/optical imaging
- fluorescent imaging
- automation compatible

*Corning® Transwell® polyester membrane cell culture inserts (CLS3470)

**OrganoPlate® 3-lane (4003-400-B)

***based on Nature Protocol: doi:10.1038/nprot.2007.303
