

Why OrganoReady® Caco-2?

Ready-to-use gut tubules in Organ-on-a-Chip

Superior Results, Faster

Save **85%** culture time

100% Functional chips at QC

Ready-to-Assay

38 Caco-2 tubules, ready-to-assay

- ✓ Save 85% time
- ✓ Quality controlled
- ✓ No need to learn new culturing technology

Relevant 3D tissue biology

- ✓ Perfused tubules
- ✓ Membrane-free
- ✓ Relevant tissue micro-environment

Read more in this [publication](#)

Compatible platform

- ✓ Automatable
- ✓ Pump-free perfusion
- ✓ Great imaging

Preparation by MIMETAS' experts
12 days of Caco-2 culturing in OrganoPlate® 3-lane 40

Transit
1-2 days

Ready for your assays
Plates usable for 7 days
